-  *The athlete must also cover the registration fees proper to this event, additional to the Event Membership fees.*

I, the undersigned, declare that the above given information is correct,

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

## EVENT MEMBERSHIP – INDIVIDUAL MEMBER

### Organizing committee:

-  All clubs and members of the *Fédération de natation du Québec* may organize Open Water Events, provided they obtain a duly awarded sanction.
-  Independent organizers must be members of the *Fédération de natation du Québec* in order to obtain the sanction for an Open Water Event.

### Participant:

-  A swimmer can take part in any sanctioned open water events as long as he is a member of the FNQ or of an organisation member of FINA, and thus, without any additional fees.
-  Someone wishing to take part in a FNQ's sanctioned open water event must first become an individual member of the FNQ for the duration of the event. Filling the form and paying the adhesion fees will be necessary in order to register for a sanctioned Open Water Event.
-  The *event membership – individual member* form does not replace the *registration and consent* form for an open water event. Both must be completed.

### Operating methods:

-  Organizing committees are responsible for ensuring that any able-bodied swimmer, master's swimmer or para swimmer has a valid membership before accepting their registration. In the event where the participant cannot present a valid membership, the organizing committee will have them complete the *event membership – individual member* form, collect the membership fees, and return those fees to the FNQ, along with the completed forms.
-  If the organizing committee fails to collect the said fees, they themselves will have to pay these fees to the FNQ.
-  Membership fees are non-refundable and membership is only valid for the listed event.
-  Payment and registration forms must be included with the meet report sent to the FNQ after the event.

### Rights and privileges associated with an event membership – individual member in an open water organization:

-  Allows the swimmer to participate in the Sanctioned open water.
-  Commits the organizers and the swimmer to respect and follow both the FNQ's "*Règlement de sécurité en eau libre*", their "*Guide Technique*" and Swimming Canada rules.
-  Protects swimmers, coaches and officials, members in good standing of the FNQ, with an accident insurance policy.
-  Ensures the compilation and publishing of a provincial ranking.

### Information uses:

-  The information in this form will be used by the FNQ for the following purposes; establishment of its annual membership list, management of age categories and age limits during events, compliance with safety regulations and classification of athletes for competition purposes.
