Donation for the mission of the federation

General information on Fonds Sports Québec

The Sports-Quebec Fund is administered by **SPORTSQUÉBEC** to support the development of federated sport in Canada.

In accordance with the interpretations of the Income Tax Act on eligible donations, this contribution is made unconditionally and voluntarily; I confirm that no benefit will accrue to me (as a result of my donation or to a person related to me) as a donor.

I further confirm that this contribution does not engage any obligation; it will not reduce any obligation, directly or indirectly, that I (or related parties) may have for ineligible training costs, program costs, travel expenses, or other similar expenses to the recipient sport organization, or to any related or affiliated organization.

I am aware that any false or misleading statement made to the tax authorities will engage my legal and criminal liability.

TRANSFER OF UNUSED MEMBERSHIP PORTION DUE TO COVID-19 SEASON CANCELLATION

In connection with the current situation on COVID-19, the philanthropy committee of **SPORTSQUÉBEC** proposed a project to compensate for the lack of funding experienced by the federations due to the cancellation of their season.

Since many members have already made their membership payment, we offer that the unused portion of their membership be converted into a donation with the Sports-Quebec Fund program. Individuals will have the choice of being reimbursed for the unused portion of the season, postponing it to the next year or sending it, through their club, to Sports Québec to be converted into a donation. A tax receipt will be issued to the membership payer for any donation of \$ 25 or more.

*For example, an athlete paid \$ 150 to participate in sporting activities from January 1 to June 30, 2020, but the club closed on March 16 (as per government recommendations). In this case, the portion used corresponds to 12 weeks out of a total of 27, or 45%. The difference therefore corresponds to the unused portion, i.e. 55%. The amount that could be considered a donation would be \$ 83 (\$ 150 * 55%).*

By signing below, I confirm that I have read the program standards mentioned above and wish to convert the unused portion of the fees paid into a donation.
